- Fully refundable deposit

Purchase jet time in 25 hour blocks and use your Skyline Jetcard Membership to travel wherever and whenever you want to go. A simple all-inclusive rate with no hidden fees or surcharges provides predictable pricing with only 24-hour notice. Book your next trip with one phone call to Skyline Jets dedicated client services team and your account will be debited for the hours you fly.

Flying privately has never been easier!

LIGHT JETS

Above: Citation CJ3 light jet. Top right: Typical light jet interior. Bottom right: Hawker 400XP

Light Jets offer excellent value and flexibility and are ideal for regional trips with less than 7 passengers. The Hawker 400XP is a unique light jet offering the spaciousness and technological sophistication typically found in much larger aircraft. A flat floor, enclosed lavatory and best-in-class cabin space make this aircraft a preferred option in the light jet category.

Light Jet Options:

Hawker 400XP, Beech Jet 400/400A, Citation V/Ultra, Citation Bravo, Citation CJ2/CJ3, Premier 1A, Learjet 31/31A, Learjet 40

Hawker 400XP Highlights:

- Seating for up to 8 passengers
- 1,500 nautical mile range
- 450 Knots cruising speed
- Non-Stop Miami to New York
- Flat Cabin Floor
- Enclosed lavatory

Typical Light Jet Floor Plan

MID-SIZE JETS

Above: Cessna Citation Sovereign Top right: Typical mid-size jet interior. Bottom right: Learjet 60

Mid-size business jets offer an outstanding combination of comfort, speed and range comprising an extremely flexible class of aircraft for corporate travel. With its unique combination of high-speed performance and true mid-size comfort and style, the Learjet 60 offers the best of all worlds.

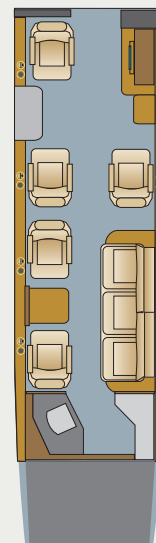

Mid Size Jet Options:

Hawker 800/800XP, Hawker 850XP, Learjet 45, Learjet 55, Learjet 60, Citation Excel, Citation VII, Citation Sovereign

Learjet 60 Highlights:

- Seating for up to 8 passengers
- 2,500 nautical mile range
- 464 Knots cruising speed
- Non-stop New York to Aspen
- Full Stand Up Cabin & Enclosed Lavatory

Typical Mid-Size Jet Floor Plan

SUPER MID-SIZE JETS

Above: Citation X. Top right: Typical super-mid jet interior. Bottom right: Gulfstream G200

Super mid-size jets combine advanced performance, coast-to-coast range and superior value making this category the fastest-growing segment of the private jet market. Going from Los Angeles to New York in less than 4 hours the Citation X is the world's fastest business jet - flying 100mph faster than any commercial or corporate jet in the sky.

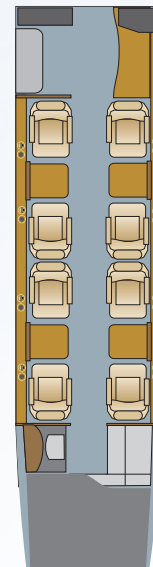

Super Mid Size Jet Options:

Hawker 1000, Citation X, Challenger 300, Gulfstream G200, Citation Sovereign, Falcon 50

Citation X Highlights:

- 600 mph cruising speed
- 3,300 nautical mile range
- 51,000 foot ceiling
- LA to New York in under 4 hours
- New York to London in Under 6 Hours

Typical Super Mid-Size Jet Floor Plan

HEAVY JETS

Above: Gulfstream G450. Top right: Typical heavy jet interior. Bottom right: Challenger 604

Heavy business jets are well-suited for transcontinental and intercontinental trips and offer seating for up to 14 passengers in executive comfort. With luxurious amenities and cabin attendant service, heavy jets provide the ultimate in luxury and spaciousness. Gulfstream has set industry benchmarks for technical performance, safety and reliability and is widely considered the premier aircraft in the heavy jet category.

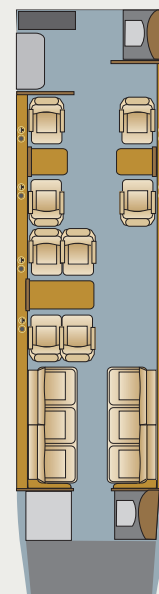

Heavy Jet Options:

Gulfstream III, Gulfstream IV/IV-SP, Gulfstream G400/G450, Challenger 601/604, Falcon 900, Falcon 2000

Gulfstream GIV Highlights:

- Seating for up to 14 passengers
- Over 460 Knots cruising speed
- Non-stop Miami to Los Angeles
- Non-stop New York to Madrid
- Cabin Attendant Available

Typical Heavy Jet Floor Plan

SAFETY

DEDICATION TO SAFETY

The safety and security of each and every flight is the number one priority of every employee of Skyline Jets. Aircraft participating in the Skyline Jetcard Membership program are maintained and operated in accordance with FAR Part 135 requirements - the most stringent FAA classification for private aviation. FAR Part 135 regulates critical operational requirements including:

- Aircraft Maintenance Standards
- Crew Training & Experience
- PIC & SIC Hours In Type
- Crew Pairing Restrictions
- Crew Duty Limitations
- Runway Requirements
- Aircraft Avionics and Safety Equipment Requirements

In addition to the FAA requirements, aircraft and crew are subject to additional internal standards for operational safety established by Skyline Jets. Air Carriers operating flights for Skyline Jets also carry a minimum liability insurance of \$50 million dollars per occurrence and list all passengers as additionally insured.

INDEPENDENT AUDITING

Independent research and auditing enables Skyline Jets to verify aircraft and operations based on unbiased third-party information. Air Carriers operating aircraft for Skyline Jetcard member flights are rated by ARG/US and Wyvern, the leading independent aviation auditing agencies.

REAL-TIME VERIFICATION

ARG/US "Trip Cheq" enables Skyline Jets to evaluate aircraft and crew qualifications in real-time as part of the pre-flight safety checklist for every mission.

OPERATIONS

All flights are operated by FAA Approved FAR Part 135 Air Carriers who shall maintain full Operational Control at all times. Operators providing service for the Skyline Jetcard Membership program must meet both FAA safety requirements and additional safety standards established by Skyline Jets.

TRAVEL ON YOUR OWN SCHEDULE

Whether for business or personal travel, flying privately enables you to make the most of your time and travel on your own schedule. With no airport security lines and baggage claim procedures to worry about, you will reach your destination feeling your best and avoid the fatigue and reduced productivity associated with commercial airline travel. How will you use your hours?
